

MAJOR BILLET OPENINGS

6 OCT 2003

A few notes before you read the list below:

I have started the summer '04 slating process. I have already been in contact with officers that I think are movers to solicit their duty station preferences. If you believe you are a summer 2004 mover and you have not been contacted or given me your input, feel free to contact me at any time regarding your preferences or any other concerns you may have. After soliciting your input I will put together a slate for SJA to CMC approval and then submission to the monitor who makes the final decision. **At this point the list below is still VERY SPECULATIVE and WILL CHANGE.** This is my best estimate at this time, and is based on who is moving and current staffing goals. Your assistance in keeping this list accurate is appreciated. For potential 9910 billets see the Manpower website.

If you are planning on retiring/resigning, I encourage you to submit your request as early as possible. Early submission allows the other officers know what may be available and frankly, makes slating somewhat easier.

The goal is to get you your orders as soon as possible. Please copy me on your discussions with the monitor so that we are working off the same information.

Northern VA

HQMC JAD x 2
CL x 1
OJAG x 1
NAMARA x 2
MCCDC x 3
TBS x 1

West Coast

MCB Pen x 4
WACO x 2
